

Passion is source of Innovation

# TrotSpeed® STW1

1/1

- Classic Stopwatch
- Speed Calculation (t/km, t/mile)
- Distances Calculation

## 12 functions :

<b>Chrono A</b>	Classic stopwatch : Calculation intermediate times	
<b>Chrono B</b>	Classic stopwatch : Calculation of cumulative time	
<b>Speed A</b>	Calculating the speed of each lap	<b>m/min</b> <b>min/km (t/km)</b>
<b>Speed B</b>	Calculating the speed of cumulative lap	<b>km/h</b> <b>mph</b> <b>min/mile (t/mile)</b>

## Innovations :

### Functions

- \* 16 memories
- \* Programming lap of 0.001 to 9999 km

### Ergonomics

- \* Simplicity : only 1 steel button **NEW**
- \* Round Ø 54 mm
- \* Big display (12mm + 6mm)
- \* String 2x1m (tag neck, passing round)

### Sealing

- \* Magnetic button (patented) **NEW**
- \* Electronics cast in resin

### Autonomy

>5000 hours of use

## Sample of "Speed A" function :

Sample 1 : Track 672 m	Sample 2 : Track 1000 m
1 post	4 post 250 m
Time for each round (672 m) is converted in speed	Time for each lap (250 m) is converted in speed
